

## Hard Working

All My life, I believe, I have possessed the skill of being a hard worker. Ever since I was little, I was determined to be a good person and never expect any less than the best I can give. In gymnastics, I tried my hardest to be the best I could and only quit when I needed to focus on my school work. I keep my room clean all of the time and help out around the house whenever possible. When I begin a project I keep to it. Flags, for instance, has been a hobby of mine since I first attended Edison High School, and I have remained on the team for the three years I have been here. At USA camp, I won a ribbon for hardest working in the group, while working on a routine. I owe most of my hard work to my mom who has encouraged me and shown me the right way ever since I was just a little girl.
