

Literary Periods Poster Assignment

Directions: In groups, create a poster that is representative of a period of literary history. Each group member should design his/her part at home and present that part in class.

1. Poster design – Get a poster board that is relatively large. Avoid thick posters that cannot be hung on the wall. Type out or draw the name of the literary period at the top. Type out the dates of the literary period as well.
2. Photos – Find pictures of famous authors and/or book covers from this literary period. You must have a decent color printer to print out the photos for the group.
3. Author information – Create a typed list in a large font (48 point) of at least three authors. Next to these in large font, type several of the works these authors wrote (minimum of three).
4. Literary period information – Type out bullet points of the main features of the literature of this period. Use a font that is at least 28 point.
